Senate Bill # 126

- I. Senators have many responsibilities, and one of the most important is the responsibility we have to our constituents which includes formulating and enacting legislation in the best interests of the student body.
- II. These responsibilities should not be taken lightly, considered unimportant, or treated as a waste of time especially since the Student Government is a voice of the student body.
- III. Senator Judd Adams has ignored these responsibilities, been negligent in performing the duties of his office, and acted in a way that effectively removed the voice of his constituents from Student Government.
- IV. Upon passage of this bill by a two-thirds majority of this body, Senator Adams will be removed from his position as Senator from district six, and the seat shall be declared vacant.
